Annual Full Day Symposium

Friday, May 3, 2013

Philadelphia, Pennsylvania

FRIDAY, MAY 3, 2013

Program Objectives

Cancers related to women's health are a major public health interest. The topics to be discussed have direct impact on patient management. The Gynecologic Oncology Symposium will feature discussions covering a full spectrum of gynecologic oncology care and research. The agenda presentations will cover more than the basics for the treatment of all gynecologic cancers. Through presentations and panel discussions, our nationally and internationally renowned guest faculty in the field of gynecologic oncology will provide substantial evidence for current best practices, as well as practical assessment and management tools that participants will be able to apply directly to their own practices.

Upon completion of this conference, attendees should be able to:

- Identify patients that will benefit from specific surgical techniques/procedures based on tumor pathology, stage of disease, condition of patient, and availability of technology and resources.
- 2. Review and recommend appropriate radiation treatment options for different/various types and stages of gynecologic malignancies.
- 3. Discuss the evidence that genomic features of cancer could be used to develop patient specific monitoring tools, in addition to potentially guiding therapy.
- 4. Review current treatment strategies for patients with newly diagnosed and recurrent carcinosarcomas, leiomyosarcomas, and other less common uterine sarcomas.
- 5. Discuss concepts of targeted therapy and review successes, failures and challenges associated with biologic and combined biologic/cytotoxic treatment regimens for endometrial cancers.
- Review the emerging data that allows one to individualize therapy in advanced or recurrent cervical carcinoma.
- 7. Summarize standard and emerging therapeutic options for ovarian cancer and discuss their impact on patient outcomes.
- 8. Assess their individual practices in light of the information discussed during the course, and identify specific strategies to implement as part of a continuing improvement process for their practices.

Accreditation

Jefferson Medical College of Thomas Jefferson University is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Jefferson Medical College of Thomas Jefferson University designates this live activity for a maximum of 7.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Society of Clinical Research Associates (SoCRA) accepts documentation of candidate participation in continuing education programs for re-certification if the clinical program is applicable to clinical research regulations, operations or management, or to the candidate's clinical research therapeutic area.

Target Audience

Surgeons, Radiation Oncologists, Medical Oncologists, Internists, Endocrinologists, Epidemiologists, Immunologists. Pharmacologists. and all others involved in the study and clinical care of gynecologic cancer patients.

Course Co-Directors

Russell Schilder. MD

Professor Department of Medical Oncology Division of Solid Tumor Oncology Chief. Gynecologic Medical Oncology Jefferson Medical College Thomas Jefferson University Kimmel Cancer Center at Jefferson

Mary B. Daly, MD, PhD, FACP

Richard Pestell, MD, PhD

MB. BS. MD (Hon. Causa). FACP. FRACP Professor and Chair Department of Cancer Biology Jefferson Medical College Thomas Jefferson University Director Kimmel Cancer Center at Jefferson

Faculty

Carol Aghaianian, MD

Professor Department of Medicine Chief Gynecologic Medical Oncology Service Weill Cornell Medical College Memorial Sloan-Kettering Cancer Center

Fox Chase Cancer Center

Timothy R. Talbot, Jr. Chair for

Department of Clinical Genetics

Director, Cancer Prevention

Professor and Chair

and Control Program

Cancer Research

Temple University

Professor and Chair Department of Gynecologic Oncology Division of Surgery J. Taylor Wharton, MD Distinguished Chair in Gvnecologic Oncology University of Texas MD Anderson Cancer Center

P. Rani Anne. MD

Associate Professor Department of Radiation Oncology Jefferson Medical College Thomas Jefferson University Kimmel Cancer Center at Jefferson

Robert Coleman, MD

FACOG, FACS Professor Department of Gynecologic Oncology & Reproductive Medicine Vice Chair. Clinical Research Ann Rife Chair in Gynecology University of Texas MD Anderson Cancer Center

David Gershenson, MD

Martee L. Hensley, MD

Associate Professor Department of Medicine Division of Solid Tumor Oncology Weill Cornell Medical College Memorial Sloan-Kettering Cancer Center

David G. Mutch. MD

Ira C. and Judith Gall Professor Department of Obstetrics & Gynecology Chief, Division of Gynecologic Oncology Washington University School of Medicine

Peter Rose, MD

Professor Department of Obstetrics & Gynecology Section Head and Fellowship Director Division of Gynecologic Oncology Case Western Reserve University

Norman Rosenblum, MD, PhD Professor

Department of Gynecology & Obstetirics Director, Gynecologic Oncology Jefferson Medical College Thomas Jefferson University Kimmel Cancer Center at Jefferson

William Small, Jr., MD

Professor and Vice-Chair Department of Radiation Oncology Associate Medical Director Feinberg School of Medicine Northwestern University Robert H. Lurie Comprehensive Cancer Center

Morning Agenda

7:45 a.m. - 8:30 a.m. Breakfast and Registration

8:30 a.m. - 8:40 a.m. Welcome, Introductions and Overview of Gynecologic Oncology

Richard G. Pestell, MB, BS, MD, PhD, MD (Hon. Causa), FACP, FRACP

8:40 a.m. - 9:20 a.m. Systemic Treatment of Ovarian Cancer

Russell Schilder, MD

9:20 a.m. - 10:00 a.m. Non-serous Ovarian Cancer: Biology and Treatment

David Gershenson, MD 25th Annual Recipient of the Warren Lang Lectureship*

10:00 a.m. - 10:15 a.m. Break

12:15 p.m. - 1:00 p.m.

10:15 a.m. - 10:55 a.m. Germ Cell Tumors and Gestational Trophoblastic Disease

Carol Aghajanian, MD

10:55 a.m. - 11:35 a.m. Genetics and Familial Risks

of Ovarian Cancer

Mary B. Daly, MD, PhD. FACP

11:35 a.m. - 12:15 p.m. Role of Radiation in Cervical and Endometrial Cancers

William Small, Jr., MD

Moderator: Norman Rosenblum, MD, PhD

Russell Schilder, MD Carol Aghajanian, MD William Small, Jr., MD

Mary B. Daly, MD, PhD, FACP

Lunch/Panel Discussion

An All-Day Scientific and Clinical Symposium Friday, May 3, 2013

Conference Location

Center City Philadelphia

Kimmel Cancer Center at Jefferson Thomas Jefferson University Bluemle Life Sciences Building Mandeville Conference Hall, Room 101 233 South 10th Street, Philadelphia, PA

Afternoon Agenda

1:00 p.m. - 1:40 p.m. Why Surgery Still Matters in Gynecologic Cancers

Robert Coleman, MD

1:40 p.m. - 2:20 p.m. Systemic Treatment of Cervical Cancer

Peter Rose, MD

2:20 p.m. - 2:35 p.m. Break

2:35 p.m. - 3:15 p.m. Systemic Treatment of Endometrial Cancer

David G. Mutch, MD

3:15 p.m. - 3:55 p.m. Gynecologic Sarcomas

Martee L. Hensley, MD

3:55 p.m. - 4:25 p.m. Panel Discussion

Moderator: P. Rani Anne, MD

Robert Coleman, MD Peter Rose, MD

David G. Mutch, MD Martee L. Hensley, MD

4:25 p.m. Closing Remarks

Warren Lang Lectureship

Warren Lang, MD, was a distinguished member of the Thomas Jefferson University Faculty and was Professor of Obstetrics and Gynecology and Chairman of the Department of Pathology. Dr. Lang was a gifted teacher, astute clinician and an outstanding scientist.

Jefferson's Kimmel Cancer Center and Kimmel Cancer Center Network

Jefferson's Kimmel Cancer Center

Jefferson's Kimmel Cancer Center (KCC), established in 1991, is one of a select group of facilities in the nation designated by the National Cancer Institute. Richard Pestell, MD, PhD, the Director of KCC, os a nationally renowned expert in oncology and endocrinology. There are approximately 135 members, which include physicians and scientists, dedicated to the development of novel approaches to cancer diagnosis and treatment. KCC has advanced patient care and clinical research in every medical specialty related to cancer.

The mission of the Center is to increase the survival and quality of life for patients by translating bench research into clinically available protocols. Research areas include studies in genetics, cell biology, biochemistry, structural biology, pharmacology, and immunology that focus on new modalities for cancer treatment and prevention. The coordinated efforts of the basic scientists and clinicians provide and important link to bring discoveries from bench to beside.

For more information on Jefferson's Kimmel Cancer Center and its programs, visit our website: www.KimmelCancerCenter.org.

Kimmel Cancer Center Network

In 1993, the Jefferson Cancer Network was established to provide patients access to the latest developments in research, technology and treatment. The Network offers patients at member hospitals the opportunity to participate in clinical trials utilizing state-of-the-art approaches to cancer prevention and treatment. Physicians in the network can take advantage of consultations available with fellow clinicians, while patients may be treated closer to their homes.

Jefferson's Kimmel Cancer Center Network member institutions include:

- Albert Einstein Medical Center
- Aria Health
- Brandywine Hospital
- Ephrata Community Hospital
- Hematology & Oncology Associates of Northeastern PA PC
- Hudson Valley Oncology Associates
- · Jefferson Hospital for Neuroscience
- Jennersville Regional Hospital
- Kimmel Cancer Center at Jefferson
- · Memorial Hospital of Salem County
- Mercy Fitzgerald Hospital
- Mercy Hospital of Philadelphia
- Mercy Suburban Hospital
- Methodist Hospital
- Nazareth Hospital
- Nemours/Alfred I. duPont Hospital for Children
- Northeast Radiation Oncology Center
- Pocono Medical Center
- Reading Hospital and Medical Center
- Riddle Memorial Hospital
- Sacred Heart Hospital
- Sparta Cancer Treatment Center
- St. Francis Medical Center
- Trinitas Regional Medical Center
- Underwood-Memorial Hospital
- Upper Delaware Valley Cancer Center
- Wills Eye

Annual All-Day Scientific and Clnical Symposium

Friday, May 3, 2013

Please Register by April 26, 2013

Register online: www.kimmelcancercenter.org/symposium

Registration Fees:

Healthcare providers: Practicing Physician/Nurse/Allied Health Professional \$40.00

Jefferson Physician/Nurse/Allied Health Professional \$20.00 Jefferson Kimmel Cancer Center Network Members: \$20.00

Students/Residents/Fellows: Complimentary

Industry/Others: \$300.00

(This category defines any person employed by a non-supporting for-profit organization including biotechnology, financial and pharmaceutical)

If you are unable to register online, please fax this form to 215-503-4028 or send by mail to: Mildred Harden, Kimmel Cancer Center at Jefferson, 233 South 10th Street, Suite 311, Philadelphia, PA 19107.

Continental breakfast, breaks and lunch will be provided.

Last 4 Digits of SSN (will allow you to access you	First Name our CME transcript)	Middle Initial	Last Name
Title (Dr. Mr. Ms.)	Personal Title (II,	Jr.) Degree	Specialty
