

Dominate in Dallas: Masterclass for Your Oral Boards

Course Directors: Tracilyn Hall, MD; Janelle Darby, MD; Jasmine Ebott, MD; Jill Allredge, MD; Stuart Winkler, MD; Jennifer MacDonald, PharmD, BCOP

The Board Certification Support Series Master class is designed to support candidates preparing for their gynecologic oncology sub-specialty certifying (aka oral) board exam. Participants will enhance their knowledge base and practice structuring effective responses through interactive sessions and targeted feedback.

Over the past two years, participants have demonstrated statistically significant higher pass rates compared to non-participants and historical cohorts. Join us to boost your confidence and improve your chances of success!

Learning Objectives:

1. Assist candidates in identifying content that is addressed on the certifying exam via mock situations, hypothetical cases, and case reviews.
2. Provide an ongoing venue for certifying candidates to get reliable education from board certified SGO members, increasing equity among our membership, and decreasing the need for unverified private vendors in this space.
3. Increase equity among our membership and decrease the need for unverified private vendors in this space.
